

## **Our Online Rules**

### **Key Stage 2**

#### **Cogenhoe pupils will:**

- Be aware of all the different uses of the internet and how to stay safe in all software, programmes and tools.
- Only send messages that are kind and polite.
- Not go on any website or internet tools such as video conferencing without our parents being aware of when we are on it and who we are talking to.
- Not give out personal information such as name, school, address or phone number. Alongside this, the children will also provide 'gamer tags' on games as opposed to any direct link to their information.
- Will not post any photos of yourself or others on any 'apps' that you would not want a stranger to see.
- Will not post photos of others, if they want to post it then can do it themselves, permission or no permission.
- Know who to ask/talk to if they received any content that makes them feel uncomfortable.
- Know how to report/block content we are uncomfortable with, or which we no longer wish to receive.
- Follow these rules as part of an agreement and be aware of the dangers and consequences that could be implicated if they do not.
