Important Information

26th June—Science Week.

We have also been writing lots about our favourite animals! Not only are our letters beautifully neat, we are also spelling tricky words correctly!!

“Summertime”

As it has been so beautifully hot this week, we have been taking full advantage of our incredible outdoor area. The children explored bubbles this week and looked at how we make the solution. They also used it for Maths by doubling their bubbles.

Reception also created their own car wash role play this week, washing their bikes and scooters. They made tickets for the car wash and even charged for it using our knowledge on money. As well as this, they even offered to wash the staff's cars for £10! Watch out parents, they'll be asking for your custom soon!

Just to say..

Thank you for all of the parents who came to sports day this year. We hope you enjoyed it as much as we did, and your children loved every part of you being there.

Next Week..

We will be enjoying science week. Miss Latham has organised for us to visit a planetarium, meet one of the dogs from Dog's Trust, water our own vegetable patches and many more exciting things!

Miss Noble, Mrs Eaton, Miss O'Connell.
