Important Information

13th June— Miss Noble visiting pre-school

We have also been looking at ordering numbers to 20! Some of the children even challenged themselves to order numbers backwards.

Just to say..

In Year 1, parents will not be able to enter the classroom with their children, therefore please can you continue to leave your children at the white room doors, so they are in a routine as if not, it will be more difficult for them in September.

‘Health Week’

During health week we had lots of fun learning about our bodies and how to keep them healthy. We decided to make our own smoothies to encourage us to have our 5 a day! The children helped chop, peel and blend the fruit to make our amazing creations.

We were also very lucky that Alienna and her Mummy donated some caterpillars in their chrysalis. We got to watch them hatch, and we learnt so much about their lifecycle. After this, we decided to free them back into the wild so they could join their friends.

Next Week..

We will be looking at wild animals. We will be researching animal facts, studying ‘The Tiger Who came to Tea,’ Making our own tea parties, and invitations.
Miss Noble, Mrs Eaton, Miss O’Connell.
