Important Information

27th November— Book and biscuits.

Thank you for everyone that stayed for the book and biscuit the children enjoyed it thoroughly and I hope you did too.

We're out of this world!

This week we have been looking and learning about space. The children have loved making moons, acting out being spacemen and writing lists about what they would take to the moon. We were a very food focussed group!

Thank You

Thank you for a lovely parents evening! Sorry for delays, if you have any other questions please don't hesitate to ask!

Next Week

The children will be making their own aliens, and designing their own model rockets! We will also be looking at the planets more in depth, and even going to space ourselves!

Miss Noble, Mrs Eaton an Mrs Walters.
