

Headteacher: Mrs C Oldham

26th February 2020

Dear Parents / Carers,

Please find below a link to Government information and guidance regarding the coronavirus. This page is updated daily at 2pm and is the definitive source of information.

<https://www.gov.uk/guidance/wuhan-novel-coronavirus-information-for-the-public>

Today's update clarifies advice given to travellers returning from different areas of the world. If students, parents or family members have travelled from the areas listed, or has had contact with an individual who is suspected of having the virus, we expect them to follow all measures described and inform the school by contacting at the earliest opportunity.

Clearly, this is a fast moving global situation and we will update families as any new advice is received.

If parents or families have any particular circumstances that they need to make us aware of, please contact the school immediately.

Kind regards

Mrs S Blackwell

Deputy Headteacher
