

HeadTeacher: Mrs C Oldham

INSPIRE. ASPIRE. ACHIEVE.

Dear Parents and Carers,

I am extremely excited to tell you that we have organised an engaging Outer Space day for Year 1 at the start of our topic next term. This day will be held in school on the **Monday 2nd November** (the first day of term).

This day will entail:

- Space theme activities
- Dressing up
- Tasting rock cakes

As requested by the pupils, we welcome them to dress up in all things Space for the duration of the day. Please can we ask that you do not go out and buy any new clothes or outfits. Try to make use of what you have at home.

Examples: Astronaut, alien, rocket, star, planet or Neil Armstrong

We are looking forward to every single child being able to partake in this special occasion, please do not hesitate to ask any questions about the day!

Yours sincerely,

Miss Jones
